

Declaration of originality for thesis

I certify that I have prepared the written thesis independently and have not used any aids other than those specified.

All passages that are taken from other works in terms of wording or meaning (including translations) have been clearly labelled as borrowings in each individual case, with precise indication of the source (including the World Wide Web as well as generative AI and other electronic data collections). This also applies to attached drawings, pictorial representations, sketches and the like. I acknowledge that the proven omission of the indication of origin will be regarded as attempted deception.
