

Siegen, den 19. January 2022

Overview of the examination procedure for the subject(s)

Engineering Design 1 und 2,

of the Chair of Product-Development Prof. Reinicke

- The examination for the above subjects will be conducted online on the Examination-Moodle-Platform (not Lecture-Moodle) of the University of Siegen. The Examination-Moodle-Platform can be accessed via the link:

<https://x.moodle.uni-siegen.de/>

- The examination Moodle is accessible only via the University VPN. Please make sure you have all the required software installed on your devices to be able to access Examination-Moodle.
- On the date of the examination, after all the formalities have been completed, before the start of the exam in the Zoom-Meeting room (Link to the Zoom-Meeting room will be available in the respective Lecture-Moodle course room, the online examination will be made available and visible to the participants on the Examination-Moodle-Platform)
- The link for the exam will be visible and accessible on the Examination-Moodle only between the times stipulated for the examination.
- The students will have 60 minutes to answer the questions digitally and submit them online using the Examination-Moodle platform. Depending on the type of question, the answers may have to be typed using a keyboard or may have to be chosen using a computer mouse.
- During the examination, we will be online in the Zoom-Meeting-Room, so in case of questions, they can be asked and answered using the Chat function.

- Please inform us beforehand, in case you face problems participating in the online examination, that might be detrimental to your performance, such as construction work, or in case you do not have a Computer/Laptop with a stable internet connection.
- In case you face technical problems during the examination, please record sufficient proofs (for example using photographs and videos) of the problem you are facing. If the problems restricts you from accessing, answering or submitting the exam, contact us immediately through one of the communication channels provided in the Lecture-Moodle course room.
- Further detailed information regarding the examination will be available in the respective Lecture-Moodle course rooms, at least one week before the examination
- Since all exams listed here are so-called open book exams, all documents and the Internet (the Internet is only to be used for answers the questions and submitting the exam) are permitted as aids.

Note: register for the examination in Unisono and enroll in the appropriate Lecture-Moodle Course room to be able to participate in the particular exam and receive more information.
